---

**Presenters:**
- **Moderator:**
  - Daniel Moon
  - Nathan Lawrence
  - Paul Anderson
  - Chris Love
  - David Ralph, John, Mulhall, Eric Chang

**Sponsors:**
- **USANZ Workshop:**
  - Coloplast

**Keywords:**
- Retail access - The PCNL mystery unravelled
- Urological Ultrasound
- GU Oncology Masterclass - Advances in prostate and renal cancer
- Masterclass in Urethral Reconstruction
- Multi-parametric MRI in Prostate Cancer: MRI Interpretation and Guided Biopsy Decisions for Urologists
- Presentations from Korean and USANZ urologists

---

**Welcome Reception (Exhibition Hall):**
- **USANZ Breakfast Symposium:**
  - Chaired: Shomik Sengupta
  - Speakers: Sumanta Pal and David Pook

**Joint USANZ/ANZUNS Breakfast Symposium:**
- **Women in Urology Breakfast:**
  - Chair: Lydia Jofin Putra and Janice Cheng
**Plenary Session - Joint SUANZ/AUA Session**

**Room**: Plenary 3

**Concurrent 1A**

**Title**: Radical Cystectomy with Concurrent Primary Retroperitoneal Lymph Node Dissection for penile cancer

**Authors**: Eric Rovner, Sumanta Pal, Jochen Walz

**Abstract**: This presentation will discuss the management of penile cancer, with a focus on radical cystectomy and retroperitoneal lymph node dissection. The surgical approach, outcomes, and implications for patients will be highlighted.

**Concurrent 1B**

**Title**: Impact of Disease on Urethral Function: A Multidisciplinary Approach

**Authors**: Stephen Mark, Jada Kapoor, Sanjay Kulkarni, Sumanta Pal, Mark Frydenberg

**Abstract**: This session will explore the impact of disease on urethral function, emphasizing a multidisciplinary approach to management and rehabilitation.

**Concurrent 1C**

**Title**: Localized and Early Recurrent Prostate Cancer: Lessons from a Retrospective Study

**Authors**: Aurore Bouty, Veeresh Aukhojee, Ian Vela, Cedric Poyet, Lawrence Kim

**Abstract**: This presentation will review the clinical outcomes and management strategies for localized and early recurrent prostate cancer, based on a retrospective study.

**Concurrent 1D**

**Title**: Reconsidering the Role of PFME at HUP: A Single Center Experience

**Authors**: Eric Rovner, Seraphina Seraphina, Rick Catterwall

**Abstract**: This session will discuss the role of PFME at HUP, focusing on a single-center experience and implications for practice.

**Concurrent 2A**

**Title**: Female Urethral Diverticula: What We Know and What We Don’t

**Authors**: Sanjay Kulkarni, Matthew Honore, Jonathan Kam

**Abstract**: This presentation will cover the current knowledge and gaps in understanding of female urethral diverticula, discussing diagnosis, management, and future research directions.

**Concurrent 2B**

**Title**: Medical Management of Stone Disease – An Update

**Authors**: John Coupe, Seraphina Seraphina, Rick Catterwall

**Abstract**: This session will provide an update on medical management of stone disease, including new therapies and approaches.

**Concurrent 2C**

**Title**: Early and Advanced Prostate Cancer Therapy: A Subgroup Analysis

**Authors**: Sanjay Kulkarni, Matthew Honore, Jonathan Kam

**Abstract**: This presentation will focus on early and advanced prostate cancer therapy, with a subgroup analysis of outcomes.

**Concurrent 2D**

**Title**: The Role of Patient Information in Decision Making: Lessons from a Randomized Controlled Trial

**Authors**: Sanjay Kulkarni, Matthew Honore, Jonathan Kam

**Abstract**: This session will explore the role of patient information in decision making, highlighting lessons from a randomized controlled trial.

**Concurrent 3**

**Title**: The Keyhole Surgeon: Reconsidering the Role of PFME at HUP

**Authors**: Eric Rovner, Seraphina Seraphina, Rick Catterwall

**Abstract**: This presentation will discuss the role of PFME at HUP, focusing on a keyhole approach and implications for practice.

**Concurrent 4**

**Title**: The Use of Prostate Magnetic Resonance Imaging (MRI) in Prostate Cancer: A Review

**Authors**: Aurore Bouty, Veeresh Aukhojee, Ian Vela, Cedric Poyet, Lawrence Kim

**Abstract**: This session will review the role of prostate magnetic resonance imaging (MRI) in prostate cancer, discussing indications, techniques, and outcomes.
1646-1653 Richard Grills: Current status of training in robotic surgery in urology Australia and New Zealand

1642-1657 John Mulhall: Management of penile fracture

1650-1657 Sandra Elmer: Botox® can be used to manage neurogenic detrusor overactivity in adults with Spina Bifida but is less effective in the management of poor compliance

1657-1704 Giovanni Accosco: Effect on quality of life of reduced dose Obatoclaxumab in multiple sclerosis patients with multiple previous injections

1615-1620 Dale Wood: Can scope damage in stone surgery be predicted? – A novel scoring system

1620-1625 Benjamin Slack: Effects of irrigation fluid temperature on post-operative temperature in transurethral resection of prostate: a randomized control trial

1631-1700 Peter Davidson: Drilling holes in the lifelines: Co Triage can prevent 25% of cystoscopies in haematuria assessment

1700-1730 Discussion

1704-1711 Elena Gailakosovitch: Efficacy and outcome of the urethral bulking agent (Bulkam®) in the treatment of stress urinary incontinence in an Australian population

1711-1730 Discussion

1730-1730 Sophie Rinoul-Houa: Greenlight laser prostatectomy is a safe day surgery operation regardless of men’s age

1735-1740 Nelson Wang: There will be blood – perioperative anticoagulation and antiplaetelet therapy in prostate surgery

1740-1845 Henry Woon: Long-term preservation of sexual function after Prostate Unilateral LIF (PUL) treatment

1855-1900 Andrew McE: A novel approach to a trial of void protocol using the ratio of volume voided to post-void residual

1900-2045 Morning Tea with Industry (Exhibition Hall)

1915-2015 Plenary Session: Bili Session

2020-2050 Lunch with Industry (Exhibition Hall)

2055-2130 Poster Viewing (Exhibition Hall)

2130-2200 Plenary Session: SSU Plenary 3

2200-2230 Surgeons Dinner (Invitation Only)

MONDAY 26 FEBRUARY 2018

0645-0735 Registration and Information Desk Open

0700-0730 Speakers’ Preparation Room Open

0700-0745 USANZ Breakfast Symposium: Functional Urology

Chair: Caroline Dowling Speaker: Eric Rovner

Room 202

0745-1000 Plenary Session

Room: Plenary

Chairs: Oscar Murphy and Nathan Lawrence

0745-0800 SSU Lecture: Teng Ong: Localised prostate cancer in Asia: patterns of care and challenges

0800-0815 Michael Lipski: Technological innovations in stone management

0815-0830 Amy Krambush: Stone disease and pregnancy

0830-0845 Rene Sotelo: SLS session 2: Urological complications - lower tract

0845-0900 Eric Rovner: Does one sling fit all or not? Sling up SUI surgery in 2018

0900-0915 Tony Costello: Prostate cancer through the looking glass

0915-0930 Robert Nam: Patterns of multidisciplinary practice in prostate cancer

0930-1000 CL KA

1000-1045 Morning Tea with Industry (Exhibition Hall)

1045-1215 Plenary Session: Bili Session

Room: Plenary 3

Chairs: Nelleke Sella & Peter Heathcote

1045-1100 BASU Lecture: Kieran O’Helyn: Looking to a post-biopsy urology landscape in the UK

1100-1115 SSU Lecture: Russell MacDonagh: Urology and beyond - 30 years in Africa

1115-1130 John Mulhall: Post-prostatectomy sexual rehabilitation

1130-1145 Victoria Callen: Sexual recovery and innovation after prostate cancer

1145-1200 Peter Gilling: “The WATER Study – A Phase III Binded Randomised Trial of Aquablation vs. Transurethral Resection of the Prostate for the treatment of Benign Prostatic Hyperplasia

1200-1215 Discussion

1210-1215 SSU Global Prize: Awarded by Krishna Sethia

1215-1330 Lunch with Industry (Exhibition Hall)

1215-1330 Poster Viewing (Exhibition Hall)

1330-1350 Poster Viewing (SSU Plenary and Villa Marshall presentations)

Room: Plenary 3

Chairs: Melvin Kwan and Stuart Philip

Jonathan Karem: Comparison of two digital, single-use flexible urethral-noscopes - a prospective study

David Habib: mpMRI prostate and slodd: can we reduce the metal artefacts?

Marcus Handmer: Are lead glasses necessary? A prospective multicenter cohort study on radiation exposure to the operator’s eyes during urologic surgery

Jonathan Karem: How accurate is multi-parametric MRI for predicting prostate cancer pathology and tumour staging in the real world? An Australian multi-centre study

Dewi Lu: Does urethral length affect continence outcomes following robot assisted laparoscopic radical prostatectomy (RALP)

Marlon Pereira: Poor employment conditions adversely affect mental health outcomes among surgical trainees

Patrick Pressey: Optimising the tension of an antithetic fascia pubovaginal sling to minimise complications

Jonathan Karem: Evaluation of Gallium 68 FDDA PET/CT for post-prostatectomy biochemical recurrence in comparison to traditional CT abdomen/pelvis and bone scan

Ken Choo: Body-mass index affects pre-treatment risk categorization by suppressing ‘true’ attributable serum PSA and impedes early diagnosis in Prostate Cancer

Todd Manning: A multi-centre cohort study evaluating the role of inflammatory markers in patients presenting with acute ureteric colic (MMML)

Warana Ranagulha: Metformin offers no protective effect in men undergoing external beam radiation therapy for prostate cancer

Matthew Roberts: An investigation using molecular and metabolomic biomarkers for the non-invasive detection and characterisation of prostate cancer

1350-1600 Afternoon Tea (Exhibition Hall)

1400-1415 Component 1A: Oncology

Consort Rob: Urology & Paediatrics

1410-1415 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1415-1430 Component 1B: Urology

1430-1435 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1430-1445 Component 1C: Trauma, Infection, Other

1445-1450 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1450-1505 Component 1D: Poster podsium - Functional

1505-1520 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1520-1535 Component 2A: Urology

1530-1535 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1535-1550 Component 2B: Oncology

1550-1600 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1600-1605 Component 2C: Trauma, Infection, Other

1600-1605 Presentation: Richard Grills with Sheffield and Villas Marshall presentations

1605-1620 Component 2D: Poster podsium - Functional
1635-1650 James Eastham - Olomustatetic prostate cancer: how do recent clinical trials impact on Australia

1657-1704 Jeremy Graymett - First Australian multi-centre experience of robotic MRI-ultrasound fusion transperineal biopsy using the robot Mona Lisa

1704-1711 Daniel Christidis - MRI software fusion biopsy and targeted lesions of the prostate: is near enough, good enough?

1711-1718 Rick Popple - The end of transperineal biopsies: Systematic and targeted transperineal prostate biopsies under local anaesthesia in the outpatient setting

1930-2000 SIU Lecture: Badrinath Konety

2115-2130 Discussion

Gala Dinner – Melbourne Town Hall

TUESDAY 27 FEBRUARY 2018

0700-0730 Registration and Information Desk Open

0700-0720 Speakers’ Preparation Room Open

0715-0800 USANZ Trainees Breakfast - Making sense of urological imaging in 2018

0815-0910 Chair: Chris Churchill Speakers: Prem Rashid, Jochen Walz, Amit Iravani

0815-1000 Plenary Session

0815-1010 Chair: Christopher Cheung & Jeremy Graymett

0840-0900 Alexandre Zlotta - Role of surgery in locally advanced prostate cancer

0900-0915 Red Hixx - PSMA = Paradigm-Shifting Metabolic Assessment

0915-0930 Late Breaking - Edmund Chong - The Asia Pacific Satellite of the St Gallen Advanced Prostate Cancer Consensus Statement

0930-0945 Q & A

0955-1010 Greetings from the Korean Urological Association

1000-1030 Morning Tea with Industry (Exhibition Hall)

1030-1100 Plenary Session - EUA Session

1030-1045 Chair: Christopher Cheung - Guidelines: too good to be true?

1045-1100 EUA Lecture: Jochen Walz - Current achievements and limitations of prostate MRI

1100-1115 Tim O’Brien - Ten hard learned lessons of IVC surgery in renal cancer

1115-1130 Alexandre Zlotta - Comparing the role of cystectomy and radiation therapy in muscle invasive bladder cancer

1130-1150 Discussion

1155-1200 Introducing ASRM 2019: Ian Vale & Peter Burke

1200-1300 Lunch with Industry (Exhibition Hall)

1300-1400 Poster Viewing (Exhibition Hall)

1300-1315 Omkar Joglekar - The role of Sam68 in Sunitinib Resistance

1315-1330 Scott Reilly - Clinical utility of redo robotic prostatectomy for urological malignancies

1330-1345 Sylvia Wang - The efficacy of intraoperative ultrasound to direct laparoscopic radical nephrectomy

1345-1355 Christopher Lai - Ultrasound fusion biopsies: what are people tweeting about and is it appropriate?

1355-1410 Matt Robinson - The creation of a Urology Green List for safe publishing

1410-1425 Lewis Chan - Bringing back the da Vinci Xi surgical system with institutional outcomes and comparison with traditional robotic surgery

1425-1440 René van der Pluijm - Lessons learned and new challenges: re-evaluation of end-of-user assistance of a skills based training programme for urology trainees

1440-1455 Celeste Doherty - Lessons learned and new challenges: re-evaluation of end-of-user assistance of a skills based training programme for urology trainees

1455-1510 Discussion

1510-1530 Chair: Peter Burke Speakers: Dale Wood, Zhiling Zhan, Alexandre Zlotta

1510-1520 Lewis Chan - The da Vinci© Xi surgical system with institutional outcomes and comparison with traditional robotic surgery

1520-1530 Chairs: Damien Bolton & Mark Frydenberg

1530-1545 Tim O’Brien - A lot of questions and a few answers in UATUC

1545-1555 Alexandre Zlotta - Molecular grading of NMIBC

1555-1610 Harvey Koh - A cross-sectional survey of data presentation and its effect on interpretation

1610-1625 alm Joglekar - The role of Sam68 in Sunitinib Resistance

1625-1640 Mark Frydenberg - Role of surgery in locally advanced prostate cancer

1640-1655 Sofi Fakhra - Feasibility study of Lipiodol as a radiation sensitiser in uveal melanoma

1655-1700 Rahul Henni - A novel pelvic floor pain clinic: a multidisciplinary approach to treatment

1700-1730 Discussion

1730-1750 Chair: Henry Wöy - The creation of a Urology Green List for safe publishing

1750-1800 Alexande Zlotta - Role of surgery in locally advanced prostate cancer

1800-1815 Red Hixx - PSMA = Paradigm-Shifting Metabolic Assessment

1815-1830 Late Breaking - Edmund Chong - The Asia Pacific Satellite of the St Gallen Advanced Prostate Cancer Consensus Statement

1830-1845 Q & A

1845-1900 Greetings from the Korean Urological Association

1900-1930 Morning Tea with Industry (Exhibition Hall)

1930-2000 Plenary Session - EUA Session

1930-1945 Chair: Christopher Cheung - Guidelines: too good to be true?

1945-2000 EUA Lecture: Jochen Walz - Current achievements and limitations of prostate MRI

2015-2030 Alexandre Zlotta - Comparing the role of cystectomy and radiation therapy in muscle invasive bladder cancer

2030-2045 Discussion

2045-2100 Introducing ASRM 2019: Ian Vale & Peter Burke

2100-2130 Lunch with Industry (Exhibition Hall)

2130-2200 Poster Viewing (Exhibition Hall)

2200-2215 Chair: Damien Bolton

2215-2230 Paul Anderson

2230-2245 Joseph Ischia & Homy Zargar

2245-2255 Damien Bolton - A lot of questions and a few answers in UATUC

2255-2310 Alexandre Zlotta - Molecular grading of NMIBC

2310-2325 Harvey Koh - A cross-sectional survey of data presentation and its effect on interpretation

2325-2340 alm Joglekar - The role of Sam68 in Sunitinib Resistance

2340-2355 Mark Frydenberg - Role of surgery in locally advanced prostate cancer

2355-2400 Sofi Fakhra - Feasibility study of Lipiodol as a radiation sensitiser in uveal melanoma

2400-2415 Rahul Henni - A novel pelvic floor pain clinic: a multidisciplinary approach to treatment

2415-2430 Alexande Zlotta - Role of surgery in locally advanced prostate cancer

2430-2445 Red Hixx - PSMA = Paradigm-Shifting Metabolic Assessment

2445-2455 Late Breaking - Edmund Chong - The Asia Pacific Satellite of the St Gallen Advanced Prostate Cancer Consensus Statement

2455-2505 Q & A

2505-2515 Greetings from the Korean Urological Association

2515-2530 Morning Tea with Industry (Exhibition Hall)

2530-2550 Plenary Session - EUA Session

2530-2545 Chair: Christopher Cheung - Guidelines: too good to be true?

2545-2555 EUA Lecture: Jochen Walz - Current achievements and limitations of prostate MRI

2555-2610 Tim O’Brien - Ten hard learned lessons of IVC surgery in renal cancer

2610-2625 Alexandre Zlotta - Comparing the role of cystectomy and radiation therapy in muscle invasive bladder cancer

2625-2640 Discussion

2640-2655 Introducing ASRM 2019: Ian Vale & Peter Burke

2655-2700 Lunch with Industry (Exhibition Hall)

2700-2715 Poster Viewing (Exhibition Hall)
